

7 Step Skincare Routine

Hyaluronic Acid (HA) Line | for dry skin • anti-aging • suitable for all skin types

1 Remove

Soothing Rose Cleansing Oil

When applicable, remove make-up with a light-weight remover.

Soothing Rose Cleansing Oil gently removes makeup, dirt, and impurities while balancing the skin's natural oils.

2 Cleanse

Clarify & Illuminate Rejuvenating Cleanser

Remove remaining dirt and excess natural oils using a gentle cleanser.

Clarify & Illuminate Rejuvenating Cleanser gel gently cleanses, hydrates skin and contains Mitostime™ (algae extract), clinically-tested to help the skin appear more youthful.

3 Exfoliate

Vit C & Oryza Sativa Gentle Scrub

Remove dead skin cells using a gentle scrub or mildly abrasive cloth.

This unclogs pores to improve the skin surface and uptake of applied products.

*Vitamin C & Oryza (Rice bran) Sativa Gentle Scrub beads gently exfoliate for a more even skin tone and glowing complexion. *Use a facial mask 1-2x a week*

4 Hydrate Tone

HA Hydrating Facial Mist

Hydrate and tone your skin with a water-based toner that contains either hyaluronic acid or glycerin to help lock in moisture.

HA Facial Mist contains Aquaxyl®, clinically-tested to decrease skin's water loss and improves hydration.

5 Activate

HA Firming Serum, Organic Marula Oil

Apply a small amount of serum to the entire face or areas in need.

Hyaluronic Acid Firming Serum improves skin elasticity while helping to reduce the appearance of wrinkles and fine lines. Follow with a pure oil like Marula Oil; lightweight, fast-absorbing to help reduce the appearance of lines and wrinkles while providing an extra protection barrier.

**Follow with an under-eye cream*

6 Moisturize

HA AM Moisturizer, HA PM Moisturizer

Apply moisturizer to protect skin from daytime elements and rejuvenate skin at night. Apply to face, neck and décolletage (excluding the delicate area around the eyes). Apply daytime sunscreen. Wait a few minutes before applying make-up.

Hyaluronic Acid AM Moisturizer helps draw moisture to the skin's surface to fill in fine lines. Hyaluronic Acid PM Crème delivers rich moisture and vital nutrient to your skin overnight.

7 Supplement

Use a hyaluronic acid-based supplement to reinforce and complement your efforts to hydrate your skin

Hyabest® is a clinically validated form of hyaluronic acid that has been shown to preserve the skin's moisture and support its natural repair processes.
