- 5 drops of NOW® Geranium Oil

#### Things are Just Rosey

- 1 drop of NOW® Geranium Oil
- 10 drops of NOW® Rose Absolute Oil

Congratulations on your purchase of NOW® Solutions Ultrasonic Metal Touch Oil Diffuser designed for indoor use only. Please read the instructions carefully before using.

### How it works

The NOW® Solutions Ultrasonic Metal Touch Oil Diffuser uses high frequency ultrasonic technology that vibrates water inside the unit, creating an ultra fine mist. When essential oils are added, they are immediately dispersed into the air providing healthful benefits and helping to ionize the air.

### What's included

### How to use

- 1 Check inside all pieces for all parts, remove the top cover. Plug the cable into the unit FIRST, then plug the unit into the wall.
  - 2 Fill the base with 170 ml (5.75 fl. oz.) of room-temperature tap water. Then add 5 to 10 drops of your essential oil. **Do not move once unit has been filled with water. Do not use distilled or purified/filtered water. Do not overfill past indication line.**
  - 3 Replace vapour insert, check for alignment. Then, place cover over the base.
  - 4 Press the power icon to begin.
- DO NOT FILL ABOVE MAX FILL LINE. DO NOT FILL BASE UNDER RUNNING WATER.**

### How to operate

#### Modes of Operation

- 1 ON, rotating LED lights on
- 2 ON, lights OFF
- 3 OFF, lights OFF

**NOTE:** Oil mist can damage wooden and painted surfaces; wipe up any residue quickly and often.

### How to clean

We recommend that you clean your NOW® Solutions Ultrasonic Metal Touch Oil Diffuser every time you change oils. Oils are corrosive, and over time they build up on the ceramic parts. To ensure long life for your diffuser, follow these simple cleaning and maintenance instructions:

Turn off the unit and disconnect the power plug. Lift off the top cover and empty any water remaining in the water tank. Please empty any remaining water from the unvented side of the unit, into the sink.

- Only use clean water at room temperature to fill the water tank.
- Rinse the water tank and wipe it dry with a clean cloth every time you use a different type of essential oil.
- Use a damp cloth to clean the exterior of the unit.
- Use a cotton swab or brush to clean the ceramic disc.
- Keep water from entering the vent.
- Do not move once unit has been filled with water.
- Do not use detergents, solvents or abrasive agents to clean the diffuser unit.
- Disconnect the diffuser unit from power before cleaning.
- Use the diffuser unit on a dry and even surface.
- Make sure that water or oil doesn't go through the Air Vent

Please read these instructions carefully before using. Manufacturer accepts no liability for damage caused by incorrect use of the NOW® Solutions Ultrasonic Metal Touch Oil Diffuser.

- Warning and cautions
- No allowed actions
- Strictly prohibited

	1. Shut off and unplug the power before cleaning
	2. Clean the unit by rinsing the water tank and wiping it dry with a clean cloth
	3. Do not use detergents or abrasive agents to clean the diffuser unit
	4. Clean unit when changing to a different oil
	5. Use the original adapter provided by the manufacturer
	6. If you don't use the device for a long time, unplug and pour water out
	7. Never use steamed water or very cold water
	8. Never touch water level sensor to avoid product hitting other objects
	9. Never put your hand above the ceramic disc when product is working, as this could cause pain and damage to the machine
	10. Never wrap the adapter with a cloth or paper, etc. Otherwise, it cannot dissipate heat normally and may cause deformation and burn the membrane from a short circuit. Never touch the adapter with wet hands
	11. Do not use other liquids except for water & drops of essential oil
	12. Do not aim the device at walls, ceilings, furniture surfaces as excess moisture could cause water damage
	13. Do not take this unit apart exposing electrical parts
	14. Never place on loose fabric that can block air flow and prevent the unit from misting and ventilating properly
