Essential Oil Info

NOW® Essential Oils are genuine reflections of the botanicals from which they're derived. When properly diffused, these botanical extracts can encourage wellness, tranquility and even inspiration. Our essential oils are highly concentrated and identity verified to ensure quality. We use only fresh botanicals bursting with vitality and beneficial compounds. Strict attention to detail, meticulous extraction methods, and a focus on safety and purity are what set NOW® Essential Oils apart from other essential oils. We take the necessary steps to ensure our oils are brought to you in a manner that's scientifically and environmentally responsible.

Things are Just Rosey

- 1 drop of NOW® Geranium Oil
- 10 drops of NOW® Rose Absolute Oil

Congratulations on your purchase of NOW® Solutions Ultrasonic Glass Swirl USB Oil Diffuser designed for indoor use only. Please read the instructions carefully before using.

How it works

The NOW® Solutions Ultrasonic Glass Swirl USB Oil Diffuser uses high frequency ultrasonic technology that vibrates water inside the unit, creating an ultra fine mist. When essential oils are added, they are immediately dispersed into the air, providing healthful benefits and helping to ionize the air.

What's included

How to use

NOTE: Oil mist can damage wooden and painted surfaces; wipe up any residue quickly and often.

How to operate

How to clean

We recommend that you clean your NOW® Solutions Ultrasonic Glass Swirl USB Oil Diffuser every time you change oils. Oils are corrosive, and over time they build up on the ceramic parts. To ensure long life for your diffuser, follow these simple cleaning and maintenance instructions:

- Turn off the unit and disconnect the power plug. Lift off the outer cover and vapour insert. Empty any remaining water into a sink.
- Rinse the water tank and wipe it dry with a clean cloth every time you use a different type of essential oil. Keep water from entering the vent.
- Use a damp cloth to clean the exterior of the unit.
- Use a cotton swab or brush to clean the ceramic disc.
- Do not use detergents or abrasive agents to clean the diffuser unit.
- Disconnect the diffuser unit from power before cleaning.
- Use the diffuser unit on a dry and even surface.

Please read these instructions carefully before using. Manufacturer accepts no liability for damage caused by incorrect use of the NOW® Solutions Ultrasonic Glass Swirl USB Oil Diffuser.

Warning and cautions	No allowed actions	Strictly prohibited
⚠	⊘	⚡
1. Shut off and unplug the power before cleaning	2. Clean the unit by rinsing the water tank and wiping it dry with a clean cloth	3. Do not use detergents or abrasive agents to clean the diffuser unit
4. Clean unit when changing to a different oil	5. Use the original adapter provided by the manufacturer	6. If you don't use the device for a long time, unplug and pour water out
7. Never use steamed water or very cold water	8. Never touch water level sensor to avoid product hitting other objects	9. Never put your hand above the ceramic disc when product is working, as this could cause pain and damage to the machine
10. Never wrap the adapter with a cloth or paper, etc. Otherwise, it cannot dissipate heat normally and may cause deformation and burn the membrane from a short circuit. Never touch the adapter with wet hands	11. Do not use other liquids except for water & drops of essential oil	12. Do not aim the device at walls, ceilings, furniture surfaces as excess moisture could cause water damage
13. Do not take this unit apart exposing electrical parts	14. Never place on loose fabric that can block air flow and prevent the unit from misting and ventilating properly	

Ultrasonic Glass Swirl USB Oil Diffuser
