Essential Oil Info

NOW® Essential Oils are genuine reflections of the botanicals from which they're derived. When properly diffused, these botanical extracts can encourage wellness, tranquility and even inspiration. Our essential oils are highly concentrated and identity verified to ensure quality. We use only fresh botanicals bursting with vitality and beneficial compounds. Strict attention to detail, meticulous extraction methods, and a focus on safety and purity are what set NOW® Essential Oils apart from other essential oils. We take the necessary steps to ensure our oils are brought to you in a manner that's scientifically and environmentally responsible.

Things are Just Rosey

- 1 drop of NOW® Geranium Oil
- 10 drops of NOW® Rose Absolute Oil

Congratulations on your purchase of NOW® Solutions Ultrasonic Ceramic Stone Oil Diffuser designed for indoor use only. Please read the instructions carefully before using.

How it works

The NOW® Solutions Ultrasonic Ceramic Stone Oil Diffuser uses high frequency ultrasonic technology that vibrates water inside the unit, creating an ultra fine mist. When essential oils are added, they are immediately dispersed into the air, providing healthful benefits and helping to ionize the air. It can be used in a bedroom, living room, office area or anywhere you want to create a relaxing, healthful environment.

What's included

How to use

NOTE: Oil mist can damage wooden and painted surfaces; wipe up any residue quickly and often.

How to operate

Press Light Button

- 1 Turn on warm light
- 2 Colour rotating lights
- 3 Select displayed colour
- 4 Turn lights OFF

Press Timer Button

- 1 1-Hour timer
- 2 2-Hour timer
- 3 3-Hour timer
- 4 Power unit OFF

Press Power Button

- 1 Continuous operation
- 2 15 minute alternating operation
- 3 Turn diffusing OFF

How to clean

We recommend that you clean your NOW® Solutions Ultrasonic Ceramic Stone Oil Diffuser every time you change oils. Oils are corrosive, and over time they build up on the ceramic parts. To ensure long life for your diffuser, follow these simple cleaning and maintenance instructions:

- Rinse with warm water and wipe clean as follows:
 - i. Wipe with soft damp cloth to clean.
 - ii. Wipe with cotton swab and rubbing alcohol when needed to break up excessive oil residue
 - iii. Use a cotton swab and water or rubbing alcohol to clean the ceramic disc inside the base. ***See diagram on the right.**

Mist Disc & Sensor

Using a cotton swab with warm water, gently clean the mist disc and sensor located at the inside bottom of the base.

- We recommend cleaning the unit every time you change oils or every 2 uses.
- Do not use detergents or abrasive agents to clean the diffuser unit.

If defective in any way, do not return this diffuser to the retailer. Please contact the manufacturer's customer service for assistance.

Please read these instructions carefully before using. Manufacturer accepts no liability for damage caused by incorrect use of the NOW® Solutions Ultrasonic Ceramic Stone Oil Diffuser.

Warning and cautions

No allowed actions

Strictly prohibited

⚠	1. Shut off and unplug the power before cleaning
⚠	2. Clean the unit by rinsing the water tank and wiping it dry with a clean cloth
⊘	3. Do not use detergents or abrasive agents to clean the diffuser unit
⚠	4. Clean unit when changing to a different oil
⚠	5. Use the original adapter provided by the manufacturer
⚠	6. If you don't use the device for a long time, unplug and pour water out
⊘	7. Never use steamed water or very cold water
⊘	8. Never touch water level sensor to avoid product hitting other objects
⊘	9. Never put your hand above the ceramic disc when product is working, as this could cause pain and damage to the machine
❗	10. Never wrap the adapter with a cloth or paper, etc. Otherwise, it cannot dissipate heat normally and may cause deformation and burn the membrane from a short circuit. Never touch the adapter with wet hands
⊘	11. Do not use other liquids except for water & drops of essential oil
⊘	12. Do not aim the device at walls, ceilings, furniture surfaces as excess moisture could cause water damage
❗	13. Do not take this unit apart exposing electrical parts
⚠	14. Never place on loose fabric that can block air flow and prevent the unit from misting and ventilating properly
